Broken Arrow – 302 N. Elm

# Regional HHP Model

- Outside Tulsa Residents Access HHPF
  - Voucher System administered by The M.e.t.
  - M.e.t. Educates Residents & Lowers Unnecessary Use/Wasted Trips to HHPF
- The M.e.t./Cities Push Overlap Items to Depot
  - Oil, batteries, antifreeze, fryer oil
  - Convenient 24/7 drop off services at M.e.t. Depot
- The M.e.t. Holds Local Specialty Collections
  - Collect items not handled by HHPF – smoke/fire
  - Collect items w/no need to take to HHPF – bulbs, medications, ammunition, TBD

# Model for Success

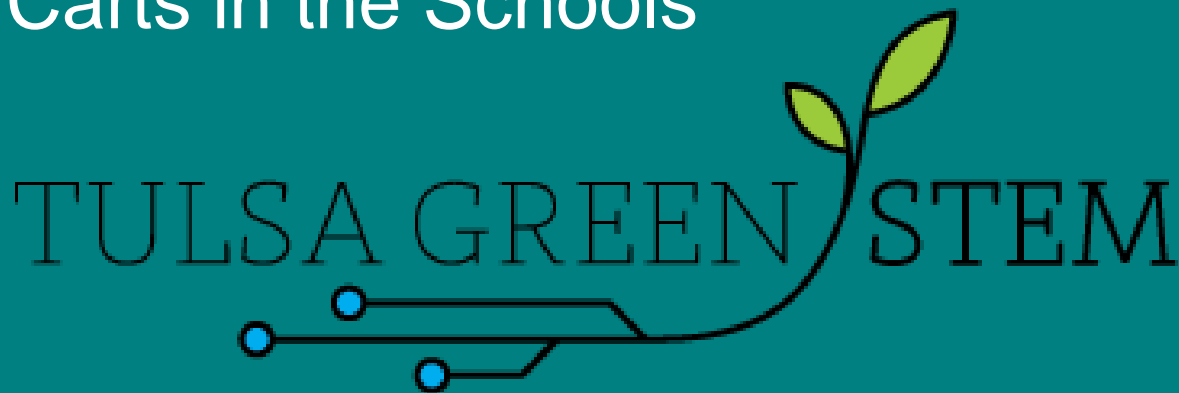

- Stormwater Permit Compliance Assistance
- Cost Efficient Use of HHPF
- Maximize Use of Convenient Depot Services
- Low Cost Specialty Collection – service ↑

**Efficient/Effective Services**

# Recycling Education Program Development

- Green Sunday School Curriculum Development
- Use Existing Oklahoma Green Schools Program
- S.T.E.M. based, Project focused Learning
- Leverage Significant Outside Resources for Holistic Environmental Education (school access)
- Blue Carts in the Schools

# Partnership for Success

Regulatory Compliance &  
Environmental Protection
